

Green Team

Calling All P.S. 133 students interested in Going Green!

The **P.S. 133 Green Team** is a team for teachers and students in Pre-Kindergarten-5th grade who are interested in the environment, recycling, a school garden and more!

Green Team will take place from November through May. Students will meet once a month to help and teach others about recycling, gardening, and making the world a greener place. The Green Team will have an important job helping our school and community become more sustainable.

Ideas that you can be a part of...

- **An Art installation using recycled products
- **Teaching others how to help our community and world
- **Earth Day Activities
- **Planting in the Spring outdoors
- **Sustainability Week at P.S. 133
- **Your own awesome ideas
