Banduja@schools.nyc.gov

Dear P.S. 133 Community Member,

March 13th, 2023

It is my pleasure to share that our school, P.S. 133Q, continues to be designated, "Local Support and Improvement" (LSI) by the New York State Education Department (NYSED) for the 2022-23 school year based on the performance of our students on New York State assessments in school year 2021-22.

This language, previously referred to as "Good Standing" recognizes that all schools, even higher performing schools, are in a continuous improvement mode and can benefit from local support from their districts to meet students' differentiated needs. We are proud, excited and motivated to continue to work with the District 26 TEAM, and all of the support that they provide on a daily, weekly and monthly basis, as it pertains to student achievement.

The school's designation is part of the state's accountability system consistent with federal Elementary and Secondary Education Act (ESEA) requirements. In the 2023-24 school year, NYSED will be updating school accountability designations based on school year 2022-23 results.

Throughout this school year, we have continued to see our students progress and perform at an enhanced rate, which provides us with the feedback and information required, to know that the daily lessons, activities, interventions and enrichment opportunities being provided to students by our teachers and staff, are having a positive impact on student achievement.

This work being implemented citywide, across our district, and at our school will continue to make the 2022-23 school year a high-quality educational experience for your child.

Thank you for your ongoing partnership and support.

If you have any questions or concerns, please feel free to contact me at 718-831-4016.

Sincerely,
Matthew Paolano, Principal (I.A.)

2022-23 State Accountability Designations

District 26, and all D26 schools, have been identified for **Local Support and Improvement (LSI)** for the 2022-23 school year.

NYSED has changed the previous designation of "Good Standing" to "Local Support and Improvement (LSI)," to recognize that all districts, even higher performing districts, are in a continuous improvement mode and can benefit from local support to meet students' differentiated needs. LSI is the best accountability status currently available.
